Honorable Adm. Stansfield Turner  
Central Intelligence Agency  
Washington, D. C. 20505

Dear Sir,

I have been asked to write a magazine article on the positive aspects of the C. I. A. There has been much criticism of late and I think the people should be aware of what you do and how much America needs you.

Would you please send me as much literature as you can about the organization, statistics and how you cooperate with other law enforcement agencies.

Keep up the good work.

Thank you for your help.

Sincerely,
